

HOSANNA

Night of Honor

WHAT WE DON'T APPRECIATE WILL DEPRECIATE

NOVEMBER 2024

EVENT INFO

ABOUT EVENT

Hosanna Night of Honour is a nonprofit event conceived by Minister Sylva to appreciate the efforts of gospel artists and musicians in Western Australia. What we fail to appreciate will depreciate.

WHAT WE DO?

Jesus commissioned us to take the gospel to the entire world. Music being a universal language has been one of the most effective mediums through which the gospel is spread to the world. It is with respect to this that God put in my heart to come up with a program called Hosanna Night of Honour where gospel Musicians and artists can be encouraged and appreciated for the great job they are doing to spread the gospel through music.

WHEN IS HOSANNA NIGHT OF HONOUR?

The first edition of Hosanna Night of Honour is scheduled for November 2024 and will continue every year during the same month with just the date changing

VISION TARGET

Hosanna Night of Honour is designed to target gospel music ministers, artists, and musicians both upcoming and established with a track record of at least a year and above as a gospel music minister. The vision is not limited to race, culture or colour. It targets every gospel music minister called by God to use music as an instrument to bring souls to Christ.

Highlight the achievements of various ministers through the broadcasting of the event.

Collaborate with ministers from various

- Races
- Age groups
- Denominations
- Music styles

Connect with the ministries behind the ministers by sending them formal invitations to the event

To inspire the upcoming artists of Perth and push existing artists to higher heights

THE TEAM

The team running the program: The visionary has chosen a team of like-minded people as directed by the Holy Spirit that will help in running the event to make it a success. This team will be the executive board of the vision. The Bible says in Habakkuk 2:2 to write a vision and make it plain so that they may run with it. This team will be maintained for this vision as long as they are willing to continue running with the vision. This team will assist in the research and nomination of the artists that will perform and those to be honoured, follow-up rehearsals, follow-up arrangements on the venue for the event, publicity, decoration of the venue, audio and visual coverage etc.

NATURE OF EVENT

The Night will include a red carpet welcome and photography session followed by the opening of the event, performances and award presentations

LOCATION

The event will take place in Perth Western Australia in a venue nominated by the visionary and his team as directed by the Holy Spirit. The venue might as well change each year of the event but for now, the vision is happening in Western Australia. Maybe with time as led by the Holy Spirit, we will expand to other states within Australia.
